

Where did the races come from?

Some people think there are many different races—Caucasian, Negro, Aborigine, Asian, Hispanic, Native American, Middle Eastern, and many more.

What does God's Word say?

"He has made from one blood every nation of men to dwell on all the face of the earth" (Acts 17:26).

In other words, we came from the same two people—Adam and Eve. That makes us all related to each other. We are not different races.

Some people use our differences as an excuse to be mean to, tease, hurt, fight, or even kill other people. This is called prejudice.

But we know this isn't right! The Bible says all of us are created in God's image. That's why we should value and respect each other even if we look different.

Loving others seems really hard sometimes. But we can do it through prayer and God's help!
